

WINTER 2020 Life Group - Week 7

Series: MISIDENTIFIED

Sermon: Misidentified God

Date: 03/22

1. Activity: What would be the most surprising scientific discovery imaginable?

2. Take a Group/Creative Picture, post on facebook / social media w/
#ilovemylifegroup and tag New Life

3. Share: What is the craziest / weirdest thing you've ever heard people say about God?

Dig deeper:

~ Luke 15:17-19 If you were the younger son, what would you expect Father's reaction to be? What would be a fair reaction?

~ Pastor Alex said: "God is permissive." Do you agree? Can you think of a personal example to defend your answer?

~ Pastor Alex said: "God loves when we have nice things." Can you find a verse in the Bible that speaks more on that?

~ Was there anything eye opening in pastor's message? Did it change how you see God?

~ **Psalm 33:12, James 1:17, Psalm 84:11,12 John 3:16** What do these verses have in common?

4. Reflect: How high is your fear on daily basis? Be honest. Do you think a God who laid down His life for you, would let you slip his mind? Or do you think He's watching over you like His greatest possession? Does it make sense for both of you to stay up at night?

5. Prayer: ~ Prayer requests? Pray against fear. Fear is the real virus. Cast it out of our city. Pray for Easter.

6. Talk about volunteering opportunity. Tree Planting - April 25. Contact Ann 319-270-5615

7. Upcoming events:

Good Friday Service - April 10

Easter - April 12 (9, 10 & 11:15 am)
