

Life Group Member Commitment

It is our desire that, through pastor's messages and this life group, you will find all that God has for you as you grow in the knowledge of Him. It is important that you attend each session and be prepared to participate and be challenged by the Word of God. It is not the leader's role to teach the entire content of each session, but rather to lead the group into deeper discussion.

Growth comes from being planted, which leads to fruitfulness, and a deeper relationship with Christ as the group sharpens and keeps each other accountable. We ask that you commit yourself to this group.
